SPECIAL EDUCATION PARENT WORKSHOP

Navigating through the Special Education process can be confusing and overwhelming. Public School 135 has created a series of workshop to answer parent's questions and provide easy to understand information about Special Education. The first part of this four part series, will address the legal rights of children with disabilities. This workshop is designed for all adults interested in learning more about Special Education. This is an excellent opportunity to connect with other parents. Light refreshments will be served.
